

Airport Bulletin – June 2022

OPERATIONAL UPDATE

Thank you to those that provided feedback on the Qantas schedule that we've been including in our Airport Bulletin. It is great to hear that many have found this valuable and we'll continue to include it until we can provide this information in other efficient ways. If there is other information you'd like to see included in the bulletin please send through your suggestions.

RUNWAY STRIP SEEDING WORK

Next week, commencing on Tuesday 28 June we are planning to plant seed along runway 17/35. The seeding works will be completed under time limited work meaning that it will not impact aircraft operations and the movement area will be restored to normal safety standards in not more than 30 minutes. This work is planned to start at around 15:00 and is expected to take two days to complete.

ANNUAL FEES

The annual options for our fees and charges run for a financial year. This means that it's time to revisit them and confirm what arrangements you would like in place for 2022/23. If you have an annual fee in place already, we'll send you an email shortly to confirm that you'd like this to roll over into next financial year. Instead of completing another form you can simply reply to us confirming you'd like to continue or opt out of the annual option.

If you'd like to take out a new annual option for the 2022/23 financial year please complete [our online form](#).

Please note that the cost cannot be confirmed until the Council budget is adopted which is to be decided on at the June 27 Council meeting. A copy of the proposed budget can be found [here](#). Once this is adopted further communication will be provided, invoices will be issued, and our publications updated.

As always, should you have any questions, please don't hesitate to contact airportmanager@bendigo.vic.gov.au

BENDIGO AIRPORT RPT FLIGHT SCHEDULE AS OF 21st June 2022– subject to change without further notification.
