## **SUBMITTING A REQUEST FOR COPIES OF PLANNING DOCUMENTS**

Requests for planning permits and endorsed plans can be made to the City's Planning Unit by completing the details on the front of this form.

You must state the reasons why you require the documents, eg. Looking to sell or purchase the property, wanting to further develop the property, you've lost your original permit, or the copy is not legible etc.

Permits and endorsed plans that are available in our electronic document management system can be emailed. Requests for multiple permits, additional endorsed documents other than plans, complex searches or permits stored in our off-site archives will attract search and administration fees.

- Initial permit and plans search fee per property \$106.00
- Additional permits and plans for the same property \$53.00 each
- Photocopying \$0.45 per A4 sheet

Please ensure you provide an email address as documents will be emailed to you. Documents requested in hard copy will attract photocopying fees. You will receive an invoice with online payment options and fees must be paid in full before the documents are released.

The Planning and Environment Act 1987 sets out that copies of permits can be made available in accordance with the public availability requirements. Endorsed documents form part of the permit.

If you are requesting documents other than the permit and endorsed documents, you will need to apply for these under [Freedom of Information](#). Our Planning team can advise if this is required.
